

Miyazaki Air Travel Campaign: FAQ

Miyazaki City Tourism Association | Last Updated: June 15, 2026

Q1	I booked a 2-night stay. Will the discount apply to each night separately?
A1	No, it will not. A single discount of ¥5,000 is applied to the total price of the "flight + accommodation" package per stay. A "stay" refers to the entire trip from departure on the outbound flight to return on the inbound flight. Even if multiple accommodation facilities are used during the trip, it is counted as one stay.
Q2	Are children eligible?
A2	Yes, they are. However, children who do not incur an accommodation fee due to their age are not eligible.
Q3	Which accommodation facilities are eligible?
A3	Accommodation facilities located within Miyazaki City are eligible.
Q4	Where can I find the list of eligible facilities?
A4	Eligible facilities for the Air Travel Campaign can be found on the product pages of each participating airline.
Q5	Can I make use of the campaign multiple times?
A5	Yes. If you make a separate booking for a "flight + accommodation" package, the discount can be applied again.
Q6	Are bookings made before the campaign starts eligible?
A6	No, they are not. You must book a campaign-eligible plan on or after the campaign's start date.
Q7	Does the discount mean I'll get a cashback (cash payment)?
A7	No, there is no cashback. The method of applying the coupon varies depending on each airline's sales process. Please check the website of each airline for further details.
Q8	Is the discount applicable if I use an eligible accommodation facility for business purposes?
A8	Yes, it is. The purpose of the stay does not affect eligibility.
Q9	I am planning a 3-night stay starting on January 31, 2027. Will the discount apply?
A9	Yes, it will. If you are aiming to combine the discount with the prefectural discount and you depart from Haneda or Fukuoka and arrive in Miyazaki on January 31 (Sunday), the discount is only applicable to stays that return on February 1 (Monday), meaning only one night will be covered by that discount.
Q10	I heard that Miyazaki Prefecture is running a similar campaign. Can both discounts be used together?
A10	In principle, yes, both can be used together. The prefectural discount will be applied after the city discount has been applied.
Q11	Will all discounts be applicable from June 1?
A11	The sale and application start dates for some airlines are still being finalized. Once this information is confirmed, it will be posted on the campaign page on the Miyazaki City Tourism Association website.
Q12	Are private lodgings (minpaku) eligible?
A12	For the Air Travel Campaign, only accommodation package products offered by the airlines for stays within the city are eligible. Therefore, private lodgings (minpaku) are not included.
